REMITALL SHORTHORN DISPERSION

Monday, October 22, 1973, 10:00 a.m. at the Farm,
Olds, Alberta

In announcing this dispersal sale of our Remitall Shorthorns, we have been faced with the hardest decision we have ever had to make.

You may already know, that as we come to this sale, it is the cumulation of seventy-three years of sweat, tears and joys of four generations of Latimers.

As we begin to gather the notes for this dispersal, it is very evident that this herd has survived another milestone in the recent change of type of animal and is in one of the most exciting and interesting stages of its history.

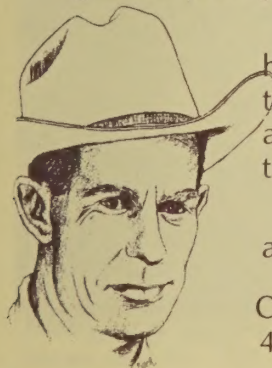

The challenge of meeting competition, from the day we obtained our first heifer in 1933, and thru the forty years to now at Remitall has been a very rewarding enterprise. Everything we have today was put here by Shorthorns.

The great accumulation of friends, for which we are very grateful. The opportunity to have worked with some of the breed's greatest individuals, and we mention here these very special friends that went so far out of their way to help us in founding and maintaining our herd. J. Chas. Yule, J. W. (Bill) Durno, Harry Winter, Wib Donaldson and many others that will ever be remembered so kindly.

Our program has always been to use the best Canadian Shorthorns and to further acquire top seed stock from around the world. Scotland, England, Ireland, United States and Australia have all contributed to the many successes we have enjoyed. Our stock bulls have always been a very intimate point of pride. Drawing and selecting from this great genetic pool gives the confidence that the Remitall herd has a great strength of inherited breeding potential.

Our show herds of each year were presented with pride, often securing the highest of awards. The development of our show teams, was to bring them out at their best, without impairing their breeding ability. For the good of the breed and our herd, we have always believed in advertising, exhibiting, measuring and tabulating every inheritable characteristic and assisting breed functions.

You may look forward to our interest, enthusiasm and assistance continuing as always.

General Sale Information

Time and Place—

Monday, October 22, at Remitall Cattle Co.,
Olds, Alberta, Canada.

The sale will begin at 10:00 a.m.

Location—

Remitall is located one mile west of Olds, and three miles south. Olds is fifty miles north of Calgary on Highway 2 and three miles west on Highway 27. Calgary is easily reached by any means of Transportation.

Hotel Accommodations—

Siesta Motel, Olds, Alberta, ph. 403/226-3376. Reservations may be made direct. In Olds we also recommend The Victoria and Olds Hotels, as each of these facilities are small, we strongly urge that reservations be made early as possible. The Crossroad, Airliner, and Ambassador Motels are good motels on the north edge of Calgary and are easily accessible to the Highway 2 to come to Olds.

Auctioneer—

Jock Blacklock and Associates, Saskatoon, Saskatchewan.

Ringmen—

Howard Byers, Alta. Sec. Ross Miller, Ted Aegerter ASA and Ralph Heineman, WLJ. see page 12 for addresses.

Dwayne Dietz, Rt. 1, Box 287, Fruitland, Idaho. 83619. Ph. 208-452-3920.

Health—

Cattle will be sold in compliance with the health laws of the province of Alberta. The herd is in a tuberculosis and brucellosis free area. The most stringent herd health standards are maintained and the animals in the sale are eligible to travel anywhere in America.

Terms—

The terms of this sale are cash. Cheques should be handed to the clerks immediately following the auction. Please be sure to have the clerks record your transfer instructions and shipping information at the time of purchase. Other arrangements must be made with the owner prior to the sale.

Warranties—

Males over twelve months of age are guaranteed breeders. Any bull failing to settle cows naturally must be reported to seller within six months of sale date. Females determined as being safe with calf by veterinary examination

or with calves at side are considered breeders without further guarantee. Any female not pregnant or with too short a breeding service to examine safe with calf and after a further period of four months fails to settle after being bred regularly, shall return to seller for full reimbursement of purchase price.

Calves—

There shall be no warranty on calves sold under twelve months of age, male or female, as the manner in which they are cared for will largely determine their breeding ability.

The seller is not responsible for damage caused by foreign bodies after the animal is sold, inclusive of mummified calves, nor for sickness not shown at sale time.

As all cattle sell delivered, any return of animals failing to breed are for the account of the purchaser. Incidental expenses such as feed, care, veterinary charges etc. will not be charged by either party when making settlement.

Any animal failing the above guarantees, satisfactory adjustment shall be deemed to be the return of the full purchase price.

Transfer of Pedigrees—

The buyer will be provided with a pedigree properly transferred on the books of the Canadian Shorthorn Assn. Further transfer to the Herd Books of other countries will be the buyers' expense. Bogan Yalta is recorded in both Canadian and American Shorthorn Assn's.

Lunch Sale Day—

The Alberta Shorthorn Lassies are hosting the lunch at a very nominal fee.

Open House—

You are invited to join us, open house style the afternoon and evening of October 21st at Jean and Louis' home.

Further Information—

The staff of Remitall will be happy to give you their critical appraisal of any cattle selling.

All announcements—from the auction block supercede any other information either written or oral.

Insurance—

Will be available sale day. Ernie Henderson will be in attendance.

Delivery Offer—

Free Delivery. (see page 2)

The Background of Remitall

The herd of Mr. Hendrick of Missouri was purchased by Z. T. Latimer before 1900 and imported to Alberta in 1901.

1905 marked the first Latimer consignment of bulls to the Calgary bull sale, winning their first championship in 1906, and adding more championships over the years than any other family.

During this time Z. T. sons Chess [A.W.] and Doug [N.D.] joined in the herd operation and operated as Z. T. Latimer and Sons, into the late Twentys, when A. W. and N. D. went on their own. A. W. dispersed in 1947. As sons came on, the N. D. Latimer and Sons operated from in the war years until very recently. Each son was given a heifer at the age of twelve, however Louis obtained his first at ten years of age from the profit of showing a steer at the Calgary Spring show. Starting out on his own in 1939 and later in 1947 with the purchase of the original farm here at Olds. Carroll joined in 1953 with his part of N. D. Latimers herd and the Remitall partnership was founded and progressed to now.

The last Remitall sale 1971 was the top in North America, certainly a tribute to a pair of farm boys.

The top selling bull, all breeds in 1966, at Calgary Spring bull sale was Remitall Choice Mint Grand Champion Shorthorn Bull.

Five consecutive grand champions at the International Shorthorn bull sale at Brandon 1965 thru 1969 averaging a colossal \$5,640.

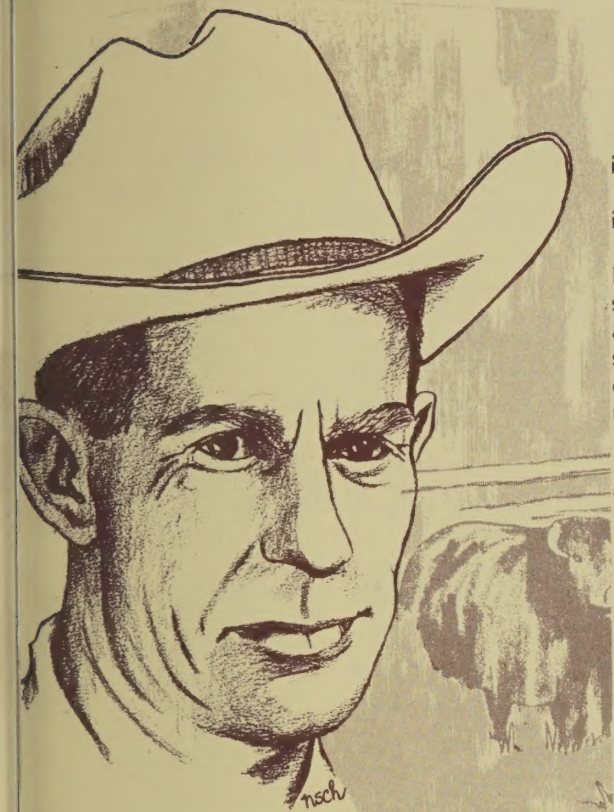

Five consecutive grand champions at the Edmonton spring bull sale 1962 thru 1967 and reserves in 1968 and 1969.

1970 and 1971 Calgary Exhibition Grand champions bulls and reserve 1972.

Other Grand champions were won at Denver, Toronto Royal, P.N.E. and perhaps the most unique honour of all was in 1966 when Melbourne Farms purchased Remitall Captain Jim, "the big bull from Canada", that was the start of a new era in Shorthorns in America. A full brother was champion, 1963 Denver National Western.

As fast as types are moving we have a 1973 model. A Bogan Yalta son has been more consistant in his winning than any other Shorthorn bull. How far can you reach, we went all the way around the world.

In reminiscing it must bring home to you that good effort, good land and good cattle are the main ingredients of a satisfactory cattle operation. Certainly this herd represents the best effort every day that we could make, they have never let us down. Our last show, the Regina Exhibition, Remitall Dingo was Grand Champion Bull.

Bogan Yalta (P) 64- 18--

calved 13 February, 1964.

SPECIAL SALE FEATURE—

Last 50 Vials of Bogan Yalta Semen.

BREEDER K. G. MacKINNON AND SONS, AUSTRALIA. SEMEN RIGHTS TO NORTH AMERICA OWNED BY REMITALL CATTLE CO., OLDS, ALTA.

In 1965 Yalta was first in class and Junior Champion at the Sydney Royal. Highbank Matchless Duke, has sired many great stock bulls, and his daughters and Yalta's daughters make a most impressive cow herd at Bogan. At the 1964 Sydney show, sons of Highbank Matchless Duke, Bogan Victorious and Vampire 2nd were first and second in class, and Victorious was Senior and Grand Champion. They sold at 6,100 gns and 7,100 gns, thus creating a record. Another son Bogan Vanguard sired Karoola Debonair 1968 and 1969 Sydney Royal Grand Champion and Reserve 1970. Still another son Dandaloo Royal Duke (sire of Kelso Ignition) won the sire of the year award 1968 and 1970 for Australia. 24 of Yalta's first 31 ancestors are polled.

In my opinion Yalta is a great bull, rugged, large, straight and a potent sire. His son Bogan Cavalier's first calves are a standout.

If we had a pen of bulls by him here, rangemen would go wild to get them.

Pheasant Creek Leader 4th X-424865

Reference Sire

PHEASANT CREEK LEADER 4th, X-424865, calved 22 January, 1968. Breeder, M. A. Dreger, Sask. Owned by Remitall Cattle Co., Russell Blomstrom, Nebr. and Lloyd Davis, Iowa.

Leader 4th has been a phenomenal bull for us, growing to be one of the large bulls of the country, weighing 2,250 lbs. last May. Purchased at the 1970 Regina sale at \$5,200, winning the Grand Championship. We used him heavily last summer, he still had the power to win every major exhibition, Calgary, Edmonton, the Pacific National and the Toronto Royal.

Better yet his calves (100% polled) mark him to be an outstanding breeding bull, with some outweighing all the calves on the farm. They look like they will grow and grow.

Leader 4th transmitting his rich red colour, ruggedness and uniformity to his calves could well be the stock bull of the day. 24 of Leader's first 31 ancestors are polled.

Aldonlea Choice Leader 27C was purchased at the top of the Edmonton Spring Bull sale, where he was Grand Champion. Alan used him as a yearling and reports that his calves look very promising, with lots of elevation and growthiness. He measured Aug. 5, 56 1/2 inches to top of shoulder, 57 high at the hip and 24 inches hip to pin with a weight of 1,805 lbs. June 21.

T P S CORONET LEADER 21ST X

Made the highest Classification available. A A A in U.S., 5 Star in Canada.

2,250 lbs. in breeding condition.

This bull's progeny sell from Lots 1 to 12 and in all the calves, yearlings and two year olds. The 21st sired progeny that have won every award conceivable in Shorthorns the last ten years and made a very dynamic influence in the Shorthorn industry. The blending here of this heritage with the Australian influence will surely contribute even further to the Shorthorn records.

A real great tribute to the Thiemans of Missouri and the Gordons of Manitoba.

A TOP 1973 PAIR

Butte Lee Avocat 2Z and her bull calf, Remitall Elevate 300E. This great pair from our showherd represent Leader breeding at its best. 2Z was Champion Female as a two year old at Calgary and Edmonton, Reserve at Regina. She has been a great producer as well as a show animal right from the day we bought her at the top of the 1969 Manitoba Fall sale, where she was the Champion Female and by far the largest heifer at the sale. Bangs vaccinated. Sells joined April 7 to Bogan Yalta.

The King Star pair 1972. Lot 3, Butte Lee Avocet 2Z and calf Remital Dingo 204D [Lot 4]. This pair won the cow-calf class the only time shown in 1972. Dingo, not only the growthiest calf, has been Champion several times this year and could be the toughest to beat, two-year ever to be shown. Surely this calf, coming from the best of two continents has much to offer the Shorthorn industry. It's been a thrill to own the best.

Remitall Dingo 204D, the most talked about calf at Remitall, coming home from his last show at Regina as Grand Champion Bull. You will find a number of females carrying his service. All this calf has to do to be great, is to live. Dingo had a 200 day wt of 636 lbs., adj. yrlg. wt. of 1,043 lbs. with an index of 120,400 day wt. of 1,140 lbs. August 5th he measured 52 1/2 inches to top of shoulder and same at the hip. From hip to pin 23 inches. Every effort has been made to bring this calf along on light feed, rather than a race for any particular period.

JUNIOR STOCK BULL — REMITALL DINGO

204D. In between breeding chores here he won Grand Champion bull at Regina and Olds and reserve at Edmonton Exhibition. Resembles his sire very much, with his tremendous frame, scale and character. Always the most popular bull in the show barn.

THE CONSTANCE COW FAMILY

This is another cow family that has done terrifically for us. In 1965 the top bull at Calgary at \$2,600, the Junior Champion, Remitall Benedictus. In 1967, at the Brandon International, our Champion, Remitall Banner sold at \$8,000 to John Shuman. In 1968 the second top at the Brandon International at \$5,300 to Lovely and Glantz of Montana. There were many other top bulls from this family. They are a real productive, bull getting strain of great cows.

Shown above are R. Ruby Missie Constance, Dam of Lot 67, R. Royal Constance, R. Fair Constance, R. Ruby Constance, twice a Reserve Champion at National shows and dam of the \$8,000 Remitall Banner.
